Oscilloscope Laboratories

Trained from an early age by rigorous, perfectionist Professor Bojinski, Polina is a promising classic dancer. She is just about to join the prestigious Bolchoï Ballet when she discovers contemporary dance. That throws everything into question on a profound level.

Polina leaves it all behind and moves to France to work with famous choreographer Liria Elsj. Despite her determination and hard work to the point of obsession, Polina just can't seem to break through. So she moves to Anvers in search of work - and a new life.

Oscilloscope Laboratories
18 W Houston St, New York, NY 10012 1886 Broadway
