Ralf Hiernisch

Saturday May 18th, 10:30 am - 5:00 pm; Sunday May 19th, 11:00 am - 4:30 pm

This workshop will provide you with new ideas and experiences regarding balance, coordination and movement. By engaging in unfamiliar activities, we create new possibilities for working with the principles of the Alexander Technique. We will explore balancing on the ground while holding an object, balancing on a balance board and even balancing on a tightrope. Day 1 is geared towards performing artists and the AT community; Day 2 to AT teachers, movement educators and advanced students. Contact: atmotionoffice@gmail.com or emily.a.faulkner@gmail.com
