Underground Movement: Volume 1

We're thrilled to announce our first Volume of Underground Movement! Underground Movement is an unplugged performance series hosted by Union Street Dance and part of our effort to create more opportunities for artists to share work with one another, cross-pollinate audiences and receive feedback on new work from a supportive community. Join us for this evening of new work by featured dance artists: Suku Dance Lab, binbinFactory, and Eva Dean Dance in special collaboration with Caroline Partamian.

Curated by Gabrielle Schutz and Eva Dean
