Dance/NYC's 2019 Symposium considered the role of New York dance artists and their creativity in a changing United States. It invited participants to investigate topics of transformative justice, the role of youth in activism and social change, increasing dance education for a thriving workforce, and radical practice, among others, in the context of a changing political climate and following CreateNYC, the City of New York's first-ever cultural plan.

As the only gathering of its kind for the dance community in the New York metropolitan area, the Symposium aims to share information innovation and to stimulate awareness, interest, and ongoing engagement in dance and dance education. The 2019 Symposium was hosted campus-style and made use of Hunter College's expanding dance facilities and performance spaces for panel discussions, case studies, interactive workshops, a networking lunch, and more.

This year's event welcomed guest curators [Remi Harris](#), [Stephanie Acosta](#), and the Hunter College Dance Department.
