DANCE ADVANCEMENT FUND

Made possible by the generous support of the Ford Foundation, the purpose of the Dance Advancement Fund is to address the inequitable distribution of resources in the dance field and advance resilience by supporting dance makers with budgets between $25,000 and $1 million. Dance/NYC believes the dance ecology must itself be just, equitable, and inclusive to meaningfully contribute to social progress and envisions a dance ecology wherein power, funding, opportunities, conduct, and impacts are fair for all artists, cultural workers, and audiences. Dance/NYC’s approach cuts across its public programs and all aspects of its operations, and it aims to advance economic justice through the Dance Advancement Fund, while recognizing that dance makers with operating budgets below $25,000 also need support.
