NYC Dance Response Fund

Dance/NYC established the NYC Dance Response Fund to meet the urgent need for dance-focused emergency funds in the wake of Hurricane Sandy.

"The relief fund was crafted to quickly provide small grants to those in the dance field who have limited access to traditional funding sources and for whom a few thousand dollars can make a significant difference. The Board and staff wish to thank Dance/NYC, whose knowledge of the field and agility helped move the resources wisely and in a timely manner," stated Jay Beckner, President, Mertz Gilmore Foundation.
