PilatesTeacher TrainingWork/Study Scholarship opportunities available at Pilates On Fifth and Pilates Academy International.

Pilates on Fifth and Pilates Academy International are pleased to be offering a limited number of Pilates training scholarships to outstanding applicants. Our Work/Study positions allow students of our certification school, The Pilates Academy International, to attend a comprehensive Pilates Teacher Training Program in exchange for 5-10 working hours weekly. Many of our Pilates scholarship winners graduate from the program to become Pilates instructors at Pilates on Fifth.

Work/Study covers all fees and costs for the courses and their subsequent exams. The number of hours dedicated to the Pilates program each week can vary (a minimum of 5 is required, however more can be provided), and will also be dependent on you. Each Pilates course varies in its duration - you also have the choice in enrolling in weekend or weekday courses. Check out our upcoming course schedule at <http://www.pilatesonfifth.com/InstructorTraining.shtml> to get a better idea at the Teacher Training schedule you would prefer. The Pilates training program independently divides mat and each apparatus, as well. After completing the Pilates mat course, for example, you can become a Pilates instructor and teach Pilates mat classes at Pilates on Fifth or anywhere, as our Pilates Teacher Training Program is nationally and internationally recognized.

Each work/study student is expected to devote a minimum of \$50 work/study equivalence each week to Pilates Academy International (which will be about 5 hours of work/study at the studio each week - these hours are scheduled in collaboration with your schedule and the needs of the studio, and will be further discussed in detail later on in the application process).

Please e-mail us a cover letter and resume with regards to your interest in the program to damian@pilatesonfifth.com
