The Dance Omi International Dance Collective in Ghent, New York, USA

Application Deadline: February 1, 2012

Dance Omi Residency: Tuesday, August 7 - Monday, August 27, 2012

10 international dance artists will be selected for a 3-week collaborative residency. Culminating in an informal showing at the Omi campus, the most unique aspect of this program is it's gently facilitated process that emphasizes exploration and collaboration, not performance. Professional Dancer/Choreographers of ALL styles (Modern, Ballet, Improv, Ethnic Dance, etc), who have the desire to share ideas and process with dancers from around the world, should apply. It is recommended that applicants do not have specific projects in mind, but come open to working with others on jointly conceived projects. It is also imperative that all applicants have a genuine openness to collaborating with artists of different dance backgrounds.

Selected residents receive FREE room, board, and studio space at Omi's 300-acre facility & Sculpture Park (please note: Omi is UNABLE to provide travel funds)

For info and application guidelines go to:
