► [Share](#) | [Print](#) | [Download](#)

Looking for natural (or natural-looking) red-heads for music video for up and coming Brooklyn-based pop band. Music video will be a collaboration between a performance/video artist and an animator as well as the musicians. Minimal rehearsal/shooting time (2-3 short days max), and very fun work environment! Shoot will tentatively take place on the beach! Great opportunity to be part of an experimental, collaborative process and meet adventurous artists with possibility of future work together. Dancers must have some hip-hop or similar experience, but most important is a strong presence and openmindedness. Ability to pick up simple and fun choreography quickly is key. Modest stipend will be provided.

Please send a short bio, dance experience, and photo/headshot.
