Looking for a few individuals who are comfortable collaborating on a dance-theatre piece slated for December, produced by the performance company Te llum. This piece is based on short stories and will be created with a few key technical designers in addition to the performers.

While there is a director, she works very collaboratively and is looking for a group of 3-5 people who are interested in process and creation. While the performances have not been set we are looking to have between 4-6 performances in December. We are able to offer a stipend.

If you are interested please email me about yourself and your interest in the piece at teff@teilum.org.
