The New York/ New Jersey Chicago Style Steppers, the premier "Chicago Steppin'" organization in the metro area, is looking for young interns (college/ recent graduates) who wish to first learn the art of Chicago Style Steppin', and then help the organization spread the dance throughout the metro area. The organization, started in 2007, is relatively new but is growing and on a mission to spread the dance to new audiences by all means necessary. To that end, we are interested now in training students and recent graduates, with an eye toward having them promote to younger audiences, eventually teaching themselves, and competing nationally in the appropriate competitions. No regular pay but certain costs covered as necessary. A great opportunity to learn a new dance form. We dance to R&B, Classics, Soul, Jazz, and some Hip-Hop. Call for more info!
