► [Share](#) | [Print](#) | [Download](#)

Seeking ultra fit dancers. We are casting a music video shoot for an up-and-coming international pop artist. Thematic elements include bondage with latex and ropes so you must be comfortable working with props. We will be shooting in tight intimate spaces and the movement quality will be commercial contemporary. It is imperative that all dancers or fitness models/body builders have impeccable muscle definition. Costumes will resemble wearing a bikini or a speedo.

We are looking to shoot the video in a little under two weeks so this is a quick turnaround gig with great talent attached. The video will also be seen directly by high-profile talent and agents in the music world, so there is definitely potential for high-level exposure.

EMAIL SUBMISSION ONLY: Please send us headshot, resume and most importantly your bodyspot.
