ASHA Dance Company is looking for dancers! We are a new and emerging Contemporary dance company, we need serious, talented, unique and previously trained dancers for our upcoming show in June. We believe that dance is much more than movement, it has the ability to move and/or change someones state of mind so within each piece and step is a story a purpose, allowing each dancer to put there own unique flair to the choreography. Allowing our audience to relate just a little bit more with us. Although we are mainly Contemporary we incorporate just about every genre of dance style in our choreography Modern, Jazz, West African, Ballet, Hip Hop and Folk.

We meet two times a week Sunday afternoons and Wednesday evenings. For more info or if you have any questions please contact us.
