Immediate opening: Mondays 4-5pm 12-week session beginning February 11th. Children are 4-5 years old.

Creative Movement & Hip Hop

A fun introduction to movement for children to develop skills in their bodies; exploring space and shape, creativity and fun while playing with percussive beats and rhythm. We'll run, jump, kick, roll and have tons of fun while learning body coordination. Fun hip-hop combinations will be a base for the children to explore their own individual rhythms.
