New barre studio opening in Nantucket, MA!

Go Figure Barre Studios is an established company with 12 locations, including classes offered at American Ballet Theater. The Figure Method is an innovative and challenging exercise sequence that welcomes all levels.

In addition to offering Figure Method classes, the studio will offer children's dance classes.

We are searching for dance instructors for children and teens who have a strong background in teaching dance. There is an opportunity to work seasonally or year round.

We are also interested in candidates who would like to teach both dance and classes and Figure Method. We will provide training for the Figure Method in April.

Please send your Dance CV to: cmschwefel@gmail.com
