Gallery Performance Opportunity:

The Space at Katz's is a pop-up art space in the Lower East Side that's looking for small gallery-style performances to happen at events or gallery openings while their open through February.

The iconic Katz's Delicatessen is celebrating their 125th anniversary and continuing to support the LES by commissioning works that address the following topics: deli, Katz's, LES, or NY in some way. (This can be abstract.) We're giving New York based/born artists a forum to show their work in a free gallery space with other artists.

There is tasty compensation from Katz's Deli and a thank you gift, but no pay.
