Continuum Dance Company is a contemporary dance company based out of NYC. The company's movement quality is flowing yet grounded style, incorporating mainstream contemporary & ballet technique in their repertoire. More information is available on our website, www.cotinuumdancecompany.com

Starting Sept. 2014, Continuum opens its doors to NYC College students to take part in the only internship of its kind-one that offers professional dancing experience!

In order to accommodate as many students as possible, Continuum is offering the chance to intern in one-month sessions during the least busy point in their semester (or stay with the company for the complete semester if their schedule allows)!

This program aims to give college students professional training and knowledge they can use to further themselves in the industry upon graduation. It will open doors to many areas of dance, allowing a student to explore all aspects of the profession and leave feeling confident in their final chosen discipline.

On our website's Internship page, <http://continuumdancecompany.com/internships.html>, you will find answers to FAQ but feel free to submit any others you may have at the bottom of the page! The application will be posted April 1st, we can't wait to hear from you!
