Julietta Cervantes

Workshop Taught by Artistic Director Eva Dean // Potential for Auditions after Class Sessions

Every Wednesday and Friday May 7 through May 30 // 10:30 AM - NOON

SONOROUS ECHO Emerged is a nocturnal journey into memories, discoveries, hallucinations and flashbacks. Characters in the night confront their deepest fears buried within secret desires, shame and agony. The hidden lives of an insomniac (rape victim), dissolute drunkard (lost soul) and lovers (one with a recent diagnosis) merge and collide within the surreal worlds of a Siren, Galumph and faceless shrouded apparitions.

This is a professional-level workshop that will focus on developing dance theater skills and learning Eva Dean's signature movement. For photos of the production, visit our Flickr page.

Registration Fee:
\$15 for Single Class
\$100 for 8 Class Series

**Auditions TBA for potential performance opportunities in NYC and in an international festival as a Guest Artist with Eva Dean Dance. Audition Notice to be posted on our website soon, please check frequently, or request being added to Eva Dean Dance's "E-News for Friends" by emailing edd at evadeandance.org
