human future dance corps Volunteer Opportunities !

Company: human future dance corps

► [Share](#) | [Print](#) | [Download](#)

human future dance corps is looking for volunteers to assist during our upcoming platform at Danspace Project. Volunteer shifts would begin at the end of May and continue through mid- June. There would be a few hours here and there on days when we have rehearsals and showings. Specifically, we are looking for technical and administrative assistance and help during rehearsals as well as with simple but important tasks like guarding the door during performances. We are looking for committed, enthusiastic people who would be excited to be involved in the presentation of this new work. Please email emie@humanfuturesdancecorps.org for dates and times of shifts if interested!!
