### Kickstarter Project Description:

The Joffrey Ballet Concert Group, the performance company of the Joffrey Ballet School in New York City, has been invited to represent the United States at the Beijing Ballet Academy's 60th Anniversary gala performance and seven of the company dancers have been selected to compete in the Beijing International Ballet Invitational. We are also planning to use the tour as a jumping off point for our first ever documentary capturing the behind the scenes of the Joffrey Ballet Concert Group.

### Where will my donation go?

Money raised will go towards hiring the film crew and production team that will capture, edit, and create our documentary. It will also cover the travel expenses for our dancers and film crew to China. If we do not reach our Kickstarter goal of \$50,000, the company will not be able to travel to China.
