GO!, STREB's Commissioning Program, housed at the company's Williamsburg home, SLAM, accepts proposals from artists whose work is movement-based, including choreographers, aerialists and circus artists.

The goal of the program is to create a pool of artists who can capitalize on the resources distinct to SLAM so that, either literally or conceptually, the space's special and unusual characteristics and qualities inform and inspire new and exciting creative experiments.

GO! artists have various opportunities to showcase work throughout its development and receive feedback from both STREB and audiences.

Selected artists receive a grant and a specific amount of time, space and resources tailored to the nature and scope of each particular project. Email [mary@streb.org](mailto:mary@streb.org) for more details. Visit [www.streb.org](http://www.streb.org) for more about the company.
