Movement Invention Project is a unique three-week summer intensive in New York City for advanced dancers, 17 to 22 years old. Dancers will work with an extraordinary faculty of teachers, choreographers, and mentors in a Project that encourages risk-taking, creativity, and the development of improvisational skills in a supportive environment that prepares the dancer to work in collaboration with today's choreographers. The program includes ballet, improvisational workshops, and the exploration of the creative process.

MIP is an expansion of the New Jersey Dance Theater Ensemble's (NJDTE) Educational Programming and originally began as a collaboration with the Arts Umbrella (Vancouver, CA).
