Hello Choreographers!

We are looking for talented choreographers who are interested in participating in Site-Specific performance art works in Brooklyn for a social cause! We are dedicated to transforming some of NYC's community gardens by contributing with performance art and visual art. We're starting with one performance scheduled for early summer.

Choreographers will work with the producing artist to shape the performance element of the work. You'll have a lot of freedom, and we welcome creativity and input. A background in modern dance is preferred, but please submit even if you specialize in a different dance form. You may inspire a new direction for the piece ;).

Send a link to your reel. If we feel you'd be a good fit for the project, we'll send you an invite to audition.
