Dear Fellow Dancer(s),

My name is James LaTeek, Artistic Director to Teekvision. Teekvision is a performance dance company whose mission is to promote dance as a means of expression by using the essence of a dancer to communicate what life is like through Teek's vision. As a Visionary, I love to create and view my works, the good and bad. I know the feeling of wanting to see your work on a bigger stage than in your living room apartment or dance studio. By performing live you get to personally engage the audience with your presence and energy.
