The Outlet Dance Project – one of the largest dance festivals in New Jersey, USA – is seeking applications for this year's festival. The deadline has been extended to July 31, 2015.

We are looking for the work of women-identified choreographers and filmmakers. We also screen dance films that have been directed by men in collaboration with women choreographers (and, of course, visa versa).

Our popular festival, now in its 11th year, celebrates all dance forms by featuring dance films, site-specific choreography, and work created for the stage. The festival takes place at the exquisite 42-acre sculpture park, Grounds For Sculpture. We hope you will consider applying!

All details can be found on our website: www.theoutletdanceproject.com.
