Compensation: \$100

Looking for a modern choreographer for a silent short film. The film features 4 performance artists/dancers expressing their emotions through movements, set to several famous classical music. Some movements require grand gestures with perfected techniques, some are small, like a flick of a brow, but all must be able to tell stories. The compensation for this role is small, but this project is a great opportunity for exposure. We have incredible cast and musicians on board, what's missing is you. Let's make great art!

If you are interested, please send a link of some of your work at anna.and.adam.filmmakers@gmail.com.

Thank you for your consideration,

Anna and Adam
