ChaiseFitness instructor

ChaiseFitness is looking for new instructors for our brand new Madison, New Jersey studio. ChaiseFitness is a fast growing brand. Since 2012 it has opened five studios in NYC and is now proud to announce the opening of its first franchise in Madison, NJ. This is an exciting time and we are looking for motivated people in our journey to introduce New Jersey to ChaiseFitness' revolutionary new fitness trend from NYC.

For our new Madison, NJ studio we are looking for excited motivated instructors. To teach at ChaiseFitness you need a certification in the Reinvention Method. We are offering the one time opportunity to get a FREE ChaiseFitness Certification. With a ChaiseFitness Certification you will have the ability to teach both group classes and private lessons. You will learn The Reinvention Method, a workout infused with Pilates, ballet, and cardio, taught by our Master Instructors. You can find more information at www.chaisefitness.com.

In order to offer an introduction to our unique program and provide an opportunity for us to get to know each other, we welcome you to join us at a try out. You will learn a short sequence of movements from our fun work out, you will then be asked to lead a brief cardio routine (that we will teach you) in order to get a sense of your musicality and comfort level in front of a class. The remainder of the try out will be spent talking and experiencing your unique personalities!

Please email us your resume, and cover letter at madison@chaisefitness.com ASAP, mark the subject box with Try Out Madison. We are looking for people with a passion for fitness, movement, and living a healthy lifestyle. A background in dance, fitness, or athletics is highly desired, but not required. RSVP for further information.

We are thrilled to meet you and introduce you to our cutting edge group fitness class.

Team Madison
