The 6th i KADA Contemporary Dance Company Annual Show!!

This year we have decided to have a theme, "Message to the Youth", because we (as professional artists) wish to give them a hope, a future and inspiration. Alongside this show, we have a youth workshop to educate and provide a safe, productive environment to grow for the youth. Showing them a positive route compared to a destructive route can save their life.

i KADA Contemporary Dance Company Show alongside the professional dancers!!

The dance classes will be two hours each spanning throughout two days of the weekend. This will take place over a month span on weekends in the fall of 2016. They will be able to meet other students such as their selves and get a professional performing experience. We believe that after this festival, the students will be exposed to more than what they are used to and surrounded by on a daily basis.

The participants can perform one (contemporary & hip-hop) dance piece.

Selected students will perform in the street dance style piece with K-Pop (Korean Hip Hop) music. We plan to connect this opportunity with KoDaFe in NYC international dance festival annually and reach as many youth as possible.

If anyone would like to participate in this workshop, they can register/ make a payment by Oct 25th. (Ages 12-20)
