Mission:

BLUEPRINT is designed to expose students to the best instructors in both the ballet and contemporary fields from New York City and around the world. It is designed to encourage the formation of important industry relationships that will help them to develop more career opportunities and enrich their current dance network.

Peridance Capezio Center brings this unique and exciting Intensive experience to pre-professional Ballet and Contemporary dancers, ages 17-22.

Project Statement:

BLUEPRINT is bridging the gap between conservatory ballet technique and the innovation of the current contemporary dance scene. It brings dancers face to face with current influential dance educators and immerses them into a true professional work environment.

Dancers for BLUEPRINT are selected during auditions held in NYC and around the world between November and March each year. During their time in NYC, these emerging artists polish their technique, work closely with prestigious current contemporary choreographers from NYC and abroad, and develop their own voice as an artist.

At the end of the two weeks, dancers get to perform the repertory learned in the intensive on a professional New York City stage. The

audience of this invitation only performance include families of the dancers, many of the choreographers who set work, as well as many other artists and choreographers in the NYC area, providing opportunity to secure future employment with working industry professionals.

Teen Summer Intensive:
3-Week Summer Intensive
June 26-July 16, 2017
Ages 13-17

Peridance Capezio Center's Teen Summer Intensive is a 3-week comprehensive training program designed for dancers ages 13-17 with serious goals to develop, increase, and strengthen their level of technique, self-confidence, and artistry. An experienced and knowledgeable faculty strongly emphasizes clean technique and self-discipline within a nurturing and supportive environment.

Beyond working to achieve technical strength, students work to understand the value of dance as an art form. Peridance takes pride in drawing students for the Intensive from both the United States and around the world, giving them the unique opportunity to become immersed in dance's diverse community. At the end of the 3 weeks, the Intensive participants demonstrate their amplified understanding of technique, movement, artistry, and performance skills in a fully produced performance presented at Peridance's new in-house Salvatore Capezio Theater.
