Breakdancers and flexible dancers/gymnasts needed for UNPAID shoot

Company: Blonde + Co
Compensation: \$0

We are a production company in need of dancers, ideally people who can break dance or who are very flexible (need to be able to do back bend and hold it for a long period) for an advertising spec for a very well known sporting brand. The shots will require the model to hold a position with their muscles really defined. As this only a spec, there is no money involved, but the talent will receive great photos for their portfolio.
