Stephen de las Heras

Natalie Johnson Dance is seeking a costume designer for their September production of *Sleeptalking* at the Actors Fund Arts Center.

Those currently studying costume design and students are welcome to inquire! Please send an email with a description of your experience (or a resume) and any visual examples of work that you have done.

This position IS PAID.

Sleeptalking is a Modern dance piece with 6 performers and requires costuming that is flexible, ties the group together, and catches the eye without an over-complex statement.

We look forward to working with you!
