Trans(m)it is an annual film festival celebrating artists from all over the world. We welcome the submission of films up to 15 minutes in length, that have movement as an essential component of the filmmaking or performance process. Film submissions exploring the human body and/or movement in short films, in all film styles - documentary, short story, animation, etc - will be considered, with an open mind of what "movement" espouses.

The film festival will be screened live on October 25th at the University of East London's Stratford Square Campus as part of their Centre for Performing Arts Development (CPAD) series.
