At its 6th edition, Ticino in Danza is happy to offer a Campus for dancers and choreographers to work together and explore new ways of perceiving and creating movement. This extraordinary program combines somatic movement with technique, instant composition with architecture and space.

Campus LAB is an intensive program for students of advanced level, young choreographers that intend to expand their research on the body, dancers who look for deepening their knowledge and building an international network.

Every year Ticino in Danza hosts a site-specific Contemporary Dance Festival that presents international performances and brings together artists and students.

Program(6hours daily):

Body-Mind Centering with CINZIA SEVERINO & ANNA KELLER

Contemporary Dance with LAURA VILAR

Improvisation/Instant Composition with KATJA VAGHI

the process will result in site-specific public presentations in collaboration with live musicians and composers in the old town and in a Museum, on Sat July 28th.

Accommodation provided.
