Thank you for your interest in a teaching position at our school. Below is an idea of our philosophy of teaching and our views on how our school can best meet the needs of our students and teachers.

School Background-

Art's House Schools is a not-for-profit organization founded in 2005. We are the only music, dance, and art school in Coney Island, Brooklyn. We teach students age three to adulthood. We realize that most of our students will not become professional musicians, dancers or artists; however, we strive to provide a fun but educational environment with well-organized administration and first-rate equipment and facilities.

Why teach with us?

There are numerous studios in New York City so why should you consider teaching with us?

As a dance instructor, you have several different studios to choose from; if you have the freedom to express your artistic style through your teaching, the main difference will be how the organization of the studio affects your satisfaction and ability to focus on your instruction.

Here are the reasons why dance teachers choose to teach at our school:

1. Small Class Sizes-

We limit class sizes to make classes easier to control and monitor for teachers and to give more personalized attention to students. Our classes for ages 3-5 are limited to a maximum of eight students per class. Our classes for ages 6 and up are limited to a maximum of 12 students per class.

2. Full-time Administrative Support-

In many studios, there is no receptionist on duty; this means that the teachers are faced with administration details when they should be concentrating on teaching. We have full-time front desk administrative staff during class times to handle routine questions and details that arise.

3. Floating Marley Dance Floors-

We use professional floating Marley dance floors in the studio. Our dance floors rest on a system of over 700 high-density foam blocks. This dance floor helps prevent injuries and fatigue. A good quality floor is a consideration if you are going to be teaching for a few hours each day. A supportive quality floor allows you to protect your most important assets – your body and your ability to teach.

4. Extras Are Taken Care Of-

We try to take care of all of the extra details throughout the year. Teachers are not required to collect any fees or do any costume measuring. We also take care of all the organization of yearly recitals. We try to have everything well organized, so the teachers are free to concentrate on teaching and nothing else.

If you are interested in applying for a teaching position after reading this post, please email your resume. Thank you.

Email: Attention: Teaching Position

No Phone Calls Please. Only suitable applicants will be contacted for an interview.
