Music video in pre-production is looking for an ensemble of dancers to perform a contemporary routine set to music on August 19th.

We are looking for dancers with experience in contemporary dance and who are open to developing the material with the choreographer during rehearsals. We hope to find some talented dancers who can collaborate on this project with us.

Shoot date is set for August 19th at a unique NYC location in Washington Heights. Rehearsal dates to be determined, but your schedule will be taken in to account. Auditions will be taking place the week of July 30th so please email us at breadboxpictures@gmail.com if you are interested so we can schedule your audition time.

This is an unpaid opportunity but talent will be provided with a copy of the finished work for their reel.
