### 7Midnights Physical Research: Themed Dance Theater

7Midnights Physical Research is dedicated to the exploration of 7 social issues: Class, Education, Ability, Sexuality, Race, Age, Gender. Seven performances will take place throughout the year, and each performance will cover two or more than three topics of these social issues through dance. Each choreographer's work will express one of the seven social issues.

The 7 topics of social issues are going to be depicted by the dance movements through our "Themed Dance Theater" program. Our 7 topics are inspired by the 7 deadly sins and are aimed at investigating the dark side of humans and how they are shaped by our society. Each choreographer's work must express one the 7 social issues.
