The DAP International College is open to professionals and students from 13 years old, with the opportunity to dance with the Guest Company and the Students' Gala. The young choreographers will have the opportunity, after a selection, to present their creations on stage at the Civic Theatre (Teatro Comunale) of Pietrasanta or in the Sculpture International Park of Pietrasanta.

One of the highlights of the Dap Festival is the educational experience it offers in its Master Classes, to be taught both by master instructors, and the national and international choreographers selected through the Choreographic Platform launched by the DAP Festival
