Looking to earn extra cash with no scheduling commitments? Join Zeel's network of personal trainers for in-home services.

Featured on The Today Show and Good Morning America, Zeel revolutionized the massage industry when it launched Massage On Demand?? in 2012, allowing customers to book in-home massages with licensed massage therapists in as little as an hour. Zeel is now expanding to provide more in-home wellness services.

How Zeel works:

Unlike at gyms, there are no commitments or work schedules: work where you want when you want
Personal trainers in Zeel's network receive requests from customers looking to book in-home stretching services via Zeel's provider app (available for iPhone or Android), with the payment amount for the session advertised and clearly labelled
Trainers reply to any requests they want to take, and simply ignore any that don't fit their schedule or aren't in convenient locations

There's no cost to join the network, and no requirements to ever take a session. Just apply!
