I'm a choreographer based in NYC and I am looking to build a database of dancers of any and all genders, colors, shapes, and sizes for projects I have coming up in the near and more distant future!

I have several upcoming projects in the fall and winter for 2019. I am showing pieces at Fertile Ground in Long Island City on October 20th, Dixon Place on December 30th, and choreographing a music video in late October and November, in addition to several other potential projects to be announced. I'm especially looking for very athletic and technically trained ballet/contemporary dancers, female identifying dancers, and dancers of literally any and all shapes and sizes, colors and identities.

Please email danceprojectsubmissions@gmail.com if you have any interest in any of the above projects-I look forward to hearing from you!
