Dance-theater makers and *Sleep No More* alums Tony Bordonaro and Ingrid Kapteyn seek an imaginative and detail-oriented assistant to take on stage management responsibilities in their rehearsals for their upcoming premiere in mid-December. They rehearse for about 3 hours 3 afternoons a week and would love help running studio sound and lights. If you are a student or a young choreographer or stage manager hungry for a window into creative process and an opportunity to test your skills, we'd be thrilled to hear from you. We're also flexible - attendance at all rehearsals is not required!
