We are now accepting applications for the 2020 Spring Cycle of the Artist in Residence Exchange Program at Flamenco Vivo!

Flamenco Vivo Carlota Santana and The Center for Flamenco Arts are committed to providing multiple levels of support to early career and established artists creating within the realm of percussive dance forms. The Artist in Residence Exchange (AiRe) is designed to be a springboard for creative exploration and the creation of new work as well as a safe-space for collaboration and experimentation through the Center for Flamenco Arts.

All Artists in Residence will be provided with 100 hours of free studio space, resources to aid in the development of their work, and the opportunity share their creative process within a public forum.

Application Criteria:

– Artists must be working and/or creating within a percussive dance form.

– Artists must be present and working in the studio during the residency. No more than three weeks spent away from New York City is permitted if accepted. The residency is a four month duration (March – June 2020).

– Group or collaborative applications must have a lead applicant.

– Applicants who have been an AiRe Resident with Flamenco Vivo Carlota Santana in the past must wait two years before re-applying (i.e. an AiRe resident in Spring 2019 cannot re-apply until Spring 2021)

– Artists who have applied to our previous cycle(s) but were not selected are encouraged and welcome to apply again.
