Are you a dancemaker or dancer/performing artist?
Are you a teacher, professor or studio owner?
Do you want a sustainable career in the dance field (performing or arts administration)?
Do you want to help change the industry so it's more inclusive and diverse?

Well...I want to talk to you!

Really...I do.

I want to know what you're up to, what you are excited about, and what you're struggling with. If you need to vent or want to celebrate, I just want to hear about it. I've been in the dance industry for over 15 years as an artist and arts administrator/consultant. This is a trying time and I want to offer up my service (for free) with a phone call (or email if you prefer). And, this isn't a pitch. I won't spam you. This is free. I'm just a human trying to help out other humans.
