Dancers,

As studios remain closed, Cross Move Lab invites you to train with Founder/Artistic Director, Guanglei Hui, online starting next week!

A master choreographer and teacher, Guanglei's movement has been described as "athletically and stylistically exigent," connecting "like a cursive sentence." He has been praised for having "developed a highly original and beautiful movement language that is characterized by a flowing line and strong poetic feeling. Underpinning that is strong technique built from a solid classical foundation." In Guanglei's classes, you will be challenged in your movement patterns and pathways and be encouraged to take risks while researching the movement of your body.
