Little Island

[Little Island](#) welcomes New York's artists and entertainers to help shape our inaugural 2021 season through the [Perform in the Park](#) Submission Series. We're looking for performers who can channel the spontaneity and immersive energy of New York and bring that spirit to life in the dynamic stages and spaces of Little Island, surrounded by nature, water, and city views all at once. We hope to celebrate and present art that is as distinctive as our park and as unique as our city, for all our community to enjoy—join us!

Full info about the paid opportunity is on our website, with applications closing on September 18th.
