Boston Dance Theater Trainee Program

bridges the gap between a dancer's formative training and professional or collegiate pursuits. BDT's philosophy and process stretches the self-imposed limits of developing artists both physically and mentally as performers and co-creators, emboldening them to fearlessly take their place in the 21st century dance landscape.

The Trainee Program is a full time, 11-month educational experience that is immersive and designed for pre-professional dancers aged 17-24 who aspire to join a professional dance company and want to take a gap year between high school or college and entering the professional world. The year consists of 3 trimesters (39 weeks, 13 week sessions) during which trainees take company class, rehearse, perform, create, and teach alongside BDT's main company.
