Update 2/2/21: We still need Black, Brown, Asian and minority groups for this video project.

Call for DIVERSE dancers for a short video project. The dancers can learn MCGD's movements by taking virtual classes with Ms. Giordano on Tuesdays noon to 1:15PM and by watching an improvisation that will be used for the project. The dancers will be compensated for taping themselves and being part of the collage. Classes are FREE. Dancers are required to reach a good level of movement quality and clarity in a short period of time. Video of the movements available on Youtube.

To apply: Send a short video from you dancing that shows your technical level and your resumé at info@mcgdance.org
