As a hip hop dance instructor, your duties will vary depending on the level of the students/class. You will be instructing children age 5 and up hip hop movement and choreography, helping them perfect their dance techniques during the class. and then incorporating the movements to selected Bollywood songs. You may also help them prepare for a performance or competition. Although the primary job will be carried out by you, you are not alone, you will be helped with the Bollywood music selection and stylization.
