Leonardo Suarez Paz's PIAZZOLLA 100 is seeking a company photographer, experienced in photographing dance and music in a variety of lighting and staging setups. Current needs include rehearsal studio shots, performance shots, and company headshots. We normally do theater and outdoor projects. Film, recording, and archival work are also a part of our process. We encourage photographers with a dance background to apply as this is a major component of our work but seeking multifaceted individuals with a variety who want to learn about Nuevo Tango and would be potentially interested in becoming an integral part of what we do.

Please visit www.piazzolla100.com to better understand our work.
