TEACHING ARTISTS - JOB DESCRIPTION

We know the importance of changing the narrative for underserved communities. We see the talent and possibilities in places that most tend to overlook. We are here to make a change. Our tool is Dance. Do you want to join our mission? We are...

THE CENTER OF ARTISTIC REFINEMENT (C.O.A.R)

The C.O.A.R is the Purelements pre-professional training program designed to prepare students for careers in the arts. The program focuses on the development of technical abilities as well as the consciousness of the artist. From September through June, students are challenged in various levels through the disciplines of Classical ballet, Modern, Jazz, West African, Hip-Hop, and more. Over the past 15 years, we have trained and guided our students to get into several of the specialized Arts High schools, Arts Universities across the Nation, and work as young professionals. We are dedicated to this work, for as they grow, so do we.

Inspired by our mission, "To empower people to reach goals through a culturally-rooted and disciplined artistic process.", we work holistically to provide high-quality arts training for families residing in areas like East New York, Brownsville, Canarsie, East Flatbush, and beyond.

We invite formally trained ballet Instructors, Modern Techniques of Horton or Graham, African dance techniques, Hip hop, and Tap artists to apply.
