Young Choreographers Project is returning with an exciting new intensive!

Company: Young Choreographers Project
Location: Los Angeles, CA

► [Share](#) | [Print](#) | [Download](#)

Calling all student choreographers! Our Dance Choreography Intensive for Teens is open to all high school students, ages 13-18 years old. During our program, students participate as Young Choreographers. We will match each Young Choreographer with a dance professional who guides them through creating an original dance piece. At the end of the program, Young Choreographers will produce a fully-staged online performance that showcases the dances they make.

Participants must be 13-18 years old to apply.

All styles and levels of dance experience are welcome. You do not need dance experience to be a Young Choreographer.

Needs-based scholarships are available.

Participants must attend all online sessions and the final performance. Sessions will take place on Sundays from 12 PM – 2 PM PST and Thursdays from 4 PM – 6 PM PST. The final performance is on March 19, 2022.
